## **Continuing Professional Development (CPD) Policy**

### **Aims and objectives**

This school is a “learning community” and this policy is set out to deliver this commitment by providing opportunities for continuous learning and development of the entire staff. Professional development is the means by which the school is able to deliver whole school, team and individual development priorities.

1. The school has an expectation that all members of the learning community will take an active role in their own professional development.
2. The school believes that all members of staff have a responsibility to support the professional development of colleagues.
3. Professional development will be co-ordinated by a CPD Leader with an appropriate job description and who will be a member of the school leadership team. The CPD Leader will be appropriately trained and will be provided with annual opportunities to network with schools and training providers.
4. All members of the school learning community will have an entitlement for access to high quality induction and continuing support and development.
5. The key elements of the CPD policy comprises:
  - a. effective auditing and identification of need and aspiration
  - b. appropriate match of provision to learning needs
  - c. reliable and explicit evaluation of the impact of provision
  - d. dissemination of effective practice.
6. The school will aspire to obtain appropriate quality standards from organisations that support the principles of effective professional development in, e.g. The Education Endowment Fund, Ambition Institute, The Chartered College of Teaching in order to validate and challenge its approach to learning and development.
7. The school will use a range of types of provision and providers adopting “Best Value” principles in determining these. The school is committed to working alongside the Teaching Schools Network to develop and improve the services they provide through collaborative planning and detailed feedback.
8. The school’s CPD provision will allow staff to develop skills and competencies progressively allowing them to build on and reinforce skills and expertise dealt with earlier, particularly across the key areas identified in the appropriate standards frameworks.
9. The school will provide and support opportunities for professional recognition including accreditation of the CPD undertaken.

### **2. Process**

All staff are expected to complete, at least, 10 hours of CPD over the year – these 10 hours will be returned to staff in the form of 2 disaggregated inset days.

The CPD Leader will facilitate access to a range of professional development opportunities and be responsible for communicating opportunities to appropriate staff. Part Time Staff will have their CPD hours agreed as appropriate to the proportion of time which they work in school.
