

The All-Together Newsletter

Dear all,

Thank you once again for your positive engagement with the fantastic PE Virtual Sports Week and your videos documenting all you did - it looked like a lot of fun!

With only two school weeks to go before the summer term I want you to be aware that the senior leadership team are working flat out to ensure we can open in the safest and best way in September whilst carrying on our commitment to YR10 in school each week. We are also planning the two results days and various induction days as well as welcoming YR7 online and in person. The school site itself has never looked better with wash stations and sanitiser units in place, our care takers are certainly busy too.

Moreover, I am sure you are grateful for all the online efforts of our teachers who are developing a fantastic range of lessons and are looking ahead to September with a focus on how best to plan for any eventuality.

I am happy to say that all year groups now have their google classes set up for online learning. Mr Pauro says more on this in this newsletter and on social media; The quicker we all get used to logging on and using it, the easier the future will be whatever it may bring.

I hope you and all in our community are doing well and looking after one another; in a sense, this is the essence of what it is to be a faith school, to always work as one and with our Christian principles at the heart of what we do. I also hope the break to come will give us all a chance to recharge, reassess and rebuild for the future.

As always, please keep in contact with us, sharing your stories and do not hesitate to contact me directly if need be.

With every good wish

Clare Cantle
Headteacher

By the seventh day God completed His work which He had done, and He rested on the seventh day from all His work which He had done. Then God blessed the seventh day and sanctified it, because in it He rested from all His work which God had created and made.

Genesis 2:2-3

GOOGLE CLASSROOM FOR ALL

Dear parents, carers and our pupils,

It is vital for us as a school community for us all to be able to teach and learn as one.

YR10 and YR12 have already had some of their lessons using Google Classroom (GC) and so in these last two weeks of term we want every other pupil in every year group to LOG ON and SIGN UP ASAP!

Every pupil has had an account and classroom created for them for every subject. By the end of this summer term we want us all to be able to use and be familiar with the system as when we come back in September, the way we work is likely to be reliant on online provision. All instructions are already on SMHWK and social media.

If you have any technical, log on problems, please email Mr Fenton on afenton@allsaintsschool.co.uk. For anything else concerning online learning, please email me directly at npauro@allsaintsschool.co.uk.

Thanks in advance

Mr N Pauro

Deputy Headteacher

FREE SCIENCE MAGAZINE

<https://catalyst-magazine.org/>

Discover how technology uses 3D sound to enhance gaming and virtual reality and explore the development of futuristic rehabilitation techniques. Read an expose on Coronavirus and what scientists and industry is doing to protect us. Stimulate your mind with the power of bioluminescence, celebrate the heroes at the forefront of protecting UK agriculture and finally, enjoy the power of learning.

Virtual Sports Week

Congratulations to all the winners!

Big Bang DIGITAL 2020

Science, engineering & Covid-19

Big Bang Digital 2020

Science & Engineering

Years 7 to 13

Meet the inspirational scientists, healthcare professionals, engineers, technicians and students doing incredible things during lockdown.

Big Bang Digital 2020 – science, engineering & Covid-19 is a free, online event on Tuesday 14 July that celebrates the amazing work of scientists and engineers in a pandemic. The 1-day event celebrates their achievements, hears about challenges, innovation and collaboration, and explores some upsides to lockdown.

Aimed at students aged 11+ #BigBangDigital gives young people a front row view of the incredible contribution of people working in science and engineering.

Announced line-up:

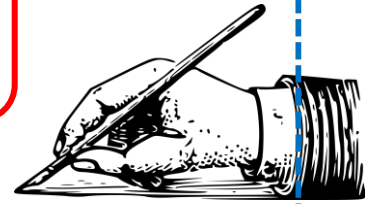

- **The worldwide race to develop a vaccine** (GSK)
- **The environmental impact of staying at home** (Plastic Oceans)
- **Keeping the water flowing** (Thames Water)
- **Designing a social distancing lanyard** (RS Components)
- **Feeding the nation** (Harper Adams)

An inspiring day of upbeat sessions, Big Bang Digital 2020 suits students with an interest in the people, or the STEM (science, technology, engineering and maths) behind the news stories. Get involved with interactive polls, live Q&A sessions, and Big Bang activities – there's also a follow-up competition for summer inspiration.

Whether it's through a live stream at school/college or on a tablet at home, join online for an uplifting look at the essential role of science and engineering.

Upcoming Virtual Talks Schedule for Week

Commencing: 6th July 2020

Founded in 2010 by ITV's Political Editor, Speakers for Schools' aim is to provide all young people access to the same prestigious networks available to the top fee-paying schools in the UK. Through talks from today's influential figures via our programme, their work programme linking state school students to industry-leading companies and networked support partners we are helping level the playing field for young people of all backgrounds.

All of these talks are free livestreamed events from top leading figures in their field for all young people to attend. No registrations or downloads are needed.

Link: <https://www.speakersforschools.org/inspiration/vtalks/upcoming-vtalks/>

DATE	SPEAKER	Information
Mon 6 th July 10am	Katy Sumption, Author & Creative Director	Interested in advertising and how to start your career? Tune in to listen to co-founder of a creative agency and author, Katy Sumption speak about her career journey and what lead her to write a book for young people about anxiety.
Tues 7 th July 10am	Cassie Chadderton CEO, World Book Day	Most of us have heard of World Book Day! Join SFS and World Book Day's CEO, Cassie Chadderton to discuss her varied career in the creative industries, the importance of the arts in society and more about World Book Day.
Tues 7 th July 2pm	Matt Brittin, President, EMEA Business & Operations, Google	Matt will be joining SFS to discuss his life lessons and advice, preparing for the world of work and the ever changing tech industry - what could this look like in 2030 and how can students prepare themselves for a career in tech?
Wed 8 th July 10am	Adam Forbes, Head of Marketing, BP Launchpad	Join this Vtalk to learn more about business start-ups and delivering cleaner energy to the world - a must attend for those interested in entrepreneurship, business or the environment.
Wed 8 th July 2pm	Kanbar Hossein Bor, Deputy High Commissioner for Bangladesh	Join us as Kanbar Hossein Bor, formerly Deputy High Commissioner for Bangladesh is interviewed SFS. He will reflect on his personal journey from child refugee to British diplomat as he is asked questions by young people including on the meaning of British identity, British values and the challenges and opportunities of being a diplomat in the current climate.
Thurs 9 th July 2pm	In Collaboration with Penguin Talks: Simon Armstrong, Publicity Manager and Hannah Chukwu, Editorial, Penguin Random House	How to Get Into Publishing Penguin employees, Simon Armstrong and Hannah Chukwu, share how the industry works, how books are made and how to get into publishing.
Fri 10 th July 10am	Ben Saunders, Polar Explorer	Join us as polar explorer, Ben Saunders, talks to young people across the UK about his career and adventures. Ben will discuss with students the importance of goal setting, self-belief, resilience, teamwork, communication, and leadership. This exciting Vtalk is not to be missed!

Historical Association
The voice for history

Congratulations to Esay Uwas-Paul in Year 9!

We wish you the very best luck in the competition!

At the start of lockdown Mr Townsend drew attention to the extracurricular historical fiction writing task organised by the prestigious Historical Association for Years 7-9.

Upon reviewing all submissions, the outstanding efforts of Esay Uwas-Paul in Year 9 have been submitted for consideration for this year's competition. The Historical Association were understandably impressed and made special note that no student has ever submitted more than one effort, let alone three!

All stories, as per the competition rules, had to be set in a historical setting and Esay is most proud of her story, My Name Is Not A Number, a story set during the Holocaust.

Entries are being reviewed and judged over the coming months with a winner announced in September/October time.

Please join Mr Townsend in wishing Esay the very best of luck. Regardless of outcome, I'm sure you'll agree that Esay's hard work here is something to be incredibly proud of!

You can enjoy this story too! Have a look in the Historical Association Writing Competition folder, in the student shared area.

Fun STEM resources

Interesting Videos from Tm Peake and Dallas Campbell along with home projects you can do with your children!!!

There are also additional activities for KS3 and GCSE students for Maths, Science, Technology and Computer Science.

https://www.stem.org.uk/home-learning?utm_source=Adestra&utm_medium=email&utm_term=&utm_content=Browse%20here&utm_campaign=Resend%20of%20Science%20Teacher%20newsletter%2025.06.20

MUSIC GAMES TO TRY AT HOME

These are two interactive online music games you can try at home on your own or with your families. Staff Wars helps with revising your treble clef notes for composition and The Young Persons Guide to the Orchestra is a lovely interactive game that helps when learning instruments of the orchestra. Enjoy and have fun with it! Miss Hogan

Staff Wars!

- Staff Wars is a game created to help beginning and intermediate musicians learn, practice and woodshed the note names of the treble, alto and bass clefs.
- Ask your child to download the app and use it once a week to revise line and space notes. And it is free!

<http://www.themusicinteractive.com/>

The Young Persons Guide to the Orchestra

- Interactive Online Game
- Guides you through the Orchestra
- Helps you learn the instrument visually and aurally in a fun and interactive way.

Drawing challenge

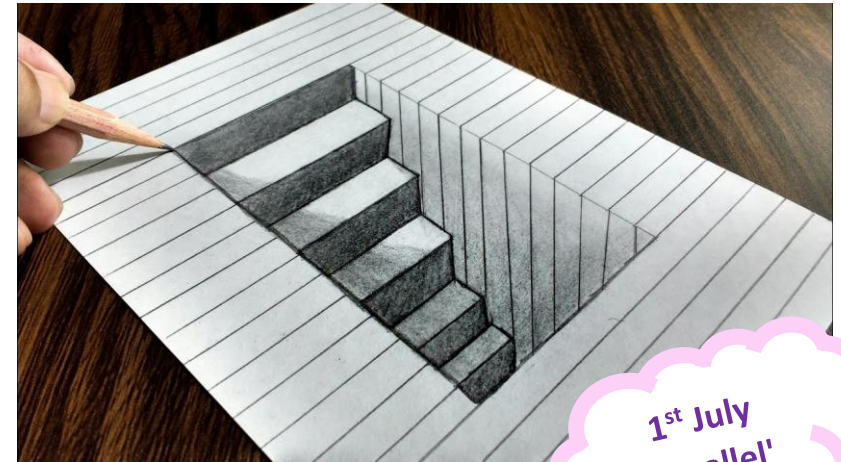

You can doodle, paint, draw... spent just 10 mins or as long as you would like too!

Everyday has a key work to inspire you to draw. You can draw anything! from sweets, portraits, landscapes, kitchen equipment, plants, etc.

If you do not have paper at home... you can draw on recycled materials.... including used envelopes, newspaper, inside of cereal boxes etc.

Check SMHW and Google Classroom for more information!

Take care,
Ms. Bunce

1st July
'Parallel'

THIS IS A CREATIVE CHALLENGE
For everyone at ALL SAINTS!

What to do...

- Draw one image each day inspired by the theme.
- Be creative about each drawing!
- Draw people, objects, words, landscapes etc.
- Don't forget to photograph! Upload your submissions to SMHW or email jbunce@allsaintsschool.co.uk
- You can draw with any materials including pencils, pen or paint.
- You can draw on newspaper, old envelopes or recycled material if you do not have paper at home.

We are looking forwards to seeing your submission.

Good luck!

FREE Sutton Science Festival 10th July

Sutton Grammar will be hosting secure Zoom sessions for students of all ages. There will be films, presentations, careers discussion, experiments and an opportunity for LIVE student Q&A. Find out how to build a drone with Global Air Drone Academy (with prize kits up for grabs), make ice-cream with salt with The Salters Company, and more hands-on STEM from Gravity, The Institute of Engineering & Technology and others.

A full list of timings, content, kit and worksheets will be provided prior to the event. The sessions will be a mixture of live and pre-recorded content. No images of students/classrooms etc will be available through this programme. This event has been designed with security in mind and will only be accessible to schools registering, not the wider public.

Please register for your place and you will receive all the relevant information including log on details for each activity. They will also be hosting a second event for children and families via social media with a series of live and pre-recorded events on Saturday 18 July which any student or member of the public can access and benefit from, especially those who are currently unable to attend school.

Bright Network - Internship Experience UK

Year 13

Welcome to Internship Experience UK. In response to the challenges brought about by COVID-19, Bright Network is bringing together world leading employers and top educators for a series of three-day virtual experiences. Open to students and recent graduates, it's your opportunity to discover career paths, meet employers and boost your employability. Be proactive this summer and [start your application](#) to one of the streams today.

Why should your students do Internship Experience UK?

On each experience, participants will benefit from:

- An introduction to the sector
- Sector-focused skills workshops delivered by leading employers
- Set project work to simulate what you'd do on an internship
- Support, insight and guidance from the firms and recent graduates during the internship
- Networking opportunities with your cohort of internship experience participants
- Feedback on your performance and top tips for improvement
- A certificate on completion which you can add to your CV and LinkedIn
- Where/when are the experiences taking place?

The experiences are virtual, so can be completed online from anywhere. Each three-day programme runs over the following three-week period.

Who is eligible?

This internship experience is open to every student and recent graduate 18 years old and over. No matter where you go to school or university, you can apply for the programmes. All you require is Bright Network membership which is completely free and you can complete when you start your application.

How your students apply?

With Internship Experience UK, you apply to the sector programme of your choice. This takes about 10 minutes to complete. There are an unlimited number of spaces on the experiences and we want to accept absolutely everyone. However, we do want to see a passion from applicants for their career development.

Which sectors can your students apply to?

- Monday 6th July - Business, Operations & Marketing
- Tuesday 7th July - Finance & Professional Services
- Monday 13th July - Consulting
- Tuesday 14th July - Commercial Law

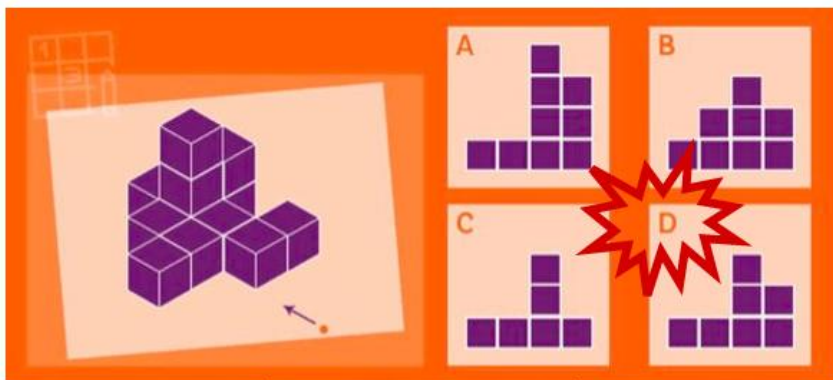

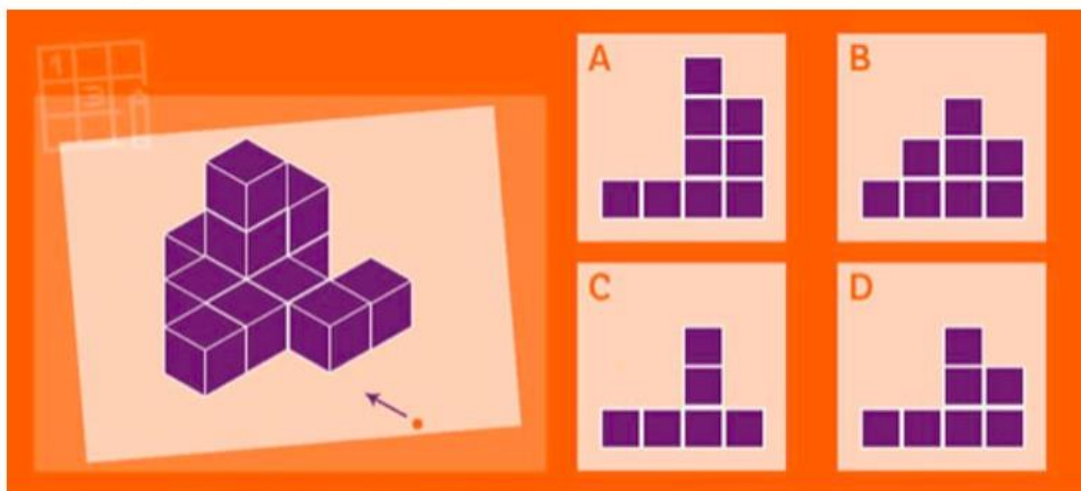

Application form ([link](#))

If you participate in any of these events, please ensure they register with their school email

Weekly Numeracy Challenge

**The
correct
answer is
D, we call
this view
front
elevation!**

Maths Challenge

If one and half hens lay one and half eggs in one and a half days, how many eggs does one hen lay in one day?

Solution!

Find the daily rate per hen:

$$\text{Hens} \times \text{Days} \times (\text{Daily Rate}) = \text{Eggs}$$

$$1\frac{1}{2} \times 1\frac{1}{2} \times (\text{Daily Rate}) = 1\frac{1}{2}$$

$$(\text{Daily Rate}) = 1\frac{1}{2} / (1\frac{1}{2} \times 1\frac{1}{2})$$

$$\text{Daily Rate} = 1 / (1\frac{1}{2}) = 2/3$$

So 1 hen in 1 day will lay two-thirds of an egg

First Time Baker

EASY SCONES

- 300g self-raising flour
- 125ml thick cream
- 125ml lemonade

1. Preheat the oven to 220C.
2. Lightly grease a baking tray.
3. Place the flour in a large bowl.
4. Add the cream and lemonade and mix to form a soft dough.
5. Turn out onto a lightly floured workbench and knead lightly until combined.
6. Press the dough with your hands to a thickness of about 2cm.
7. Use a 6cm round cutter to cut out 8 scones and place on a baking tray.
8. Bake for 10-15 minutes until lightly browned.

Enjoy with cream and jam!
