

The All-Together Newsletter

Dear Parents and Students

What a busy All Saints week it has been. I have been inundated with notifications from teachers about some excellent work being completed and I have written to those students to congratulate them. The response to the parental survey is overwhelmingly positive and I thank you all for that.

Two key suggestions came out of this. Parents requested a maths challenge and also the opportunity for some family challenges. We have acted on these and you will find them in this newsletter and the ones to come. Do please keep sending in your pictures and videos of what you are doing in the lockdown – baking, running, sporting achievements, poetry etc as we love to see them and share them!

As yet, despite much speculation in the media, there is no planned date for a return to school. As soon as I know more, I will write to you to update you as I have throughout this period. It is important at this time that we look out for each other and keep a positive attitude to what is happening around us while we look forward to getting back together properly to continue our learning journey.

Max has been in school with me and is constantly looking up and down the corridors for students - he is definitely missing his All Saints friends. He is looking a real scruff at the moment as he needs a haircut!

With every good wish

Ms Cantle

Maths Challenge

Grandma bakes a cake for her grandchildren who are going to visit her.

She has forgotten whether 3, 5 or all 6 of her grandchildren will visit.

She wants all of the cake to be eaten by her grandchildren and would like each grandchild to get the same amount of cake.

To prepare for all three possibilities, what is the smallest number of pieces into which she should cut the cake?

Spanish challenge

Spanish is spoken in all these countries! Can you guess them by looking at the flags?

A prayer for the world:

God of love and hope,
you made the world and care for all creation,
but the world feels strange right now.

The news is full of stories about Coronavirus.
Some people are worried that they might get ill.
Others are anxious for their family and friends.
Be with them and help them to find peace.

We pray for the doctors and nurses and scientists,
and all who are working to discover the right medicines
to help those who are ill.

Thank you that even in these anxious times,
you are with us.

Help us to put our trust in you
and keep us safe.

Amen.
